LEFT HAND MACHINES

E22L, E32L, ETS32L, E52L, W762L, W742L

***LEFT-HANDED MACHINES-A WORLD FIRST
FOR PEGASUS.***

E22L-730/401-203 fitted to automatic unit for producing towels.

These machines were designed to be used together with normal, right hand machines and incorporated into automatic sewing units in which both edges of an article are seamed simultaneously.

Their full power is best seen when performing two-edged seaming operations on sheets, blankets, towels, etc. Enable tremendous time saving to be realized.

 **PEGASUS®**

Offers double The productivity when used in conjunction with normal machines.

E32L

Safety Stitch Machine

W762L
